UCL News

**New innovation could mean eye injections are a thing of the past**

Drugs used to treat blindness-causing disorders could be successfully administered by eye drops rather than unpleasant and expensive eye injections, according to new research led by UCL scientists.

UCL News

**World-class orchestras judged by sight not sound**

World-class orchestras can be accurately identified by silent video footage of performances, but not through sound recordings, a UCL study has found.

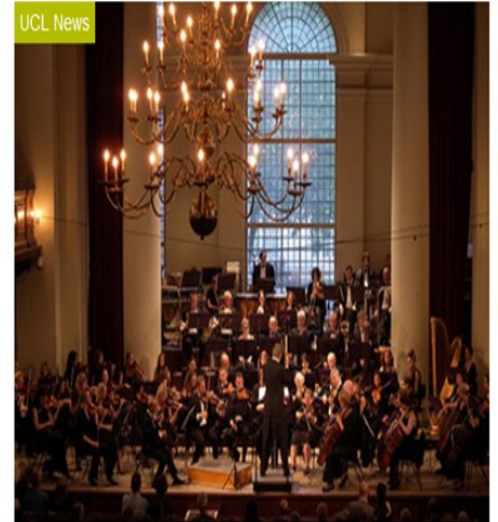

UCL Events blog

**"Let me explain how you have changed my life..."**

On Tuesday 25 February, the North Cloisters was transformed into an elegant reception venue. The reason for this metamorphosis was the biggest Scholarships and Bursaries Reception UCL has ever hosted.
